

## CARBON MANAGEMENT POLICY

This policy has been developed to meet Tomato Plant Ltd obligations and to be socially responsible in all aspects of the business, this to protect air quality by reducing the environmental impact in our operations.

Tomato Plant Ltd has adopted policies as far as practicable for an SME aimed at managing its carbon emissions in order to improve its overall impact on the global environment, society and economy and is committed to the reduction of carbon emissions arising from its activities.

This Policy supports the company's objectives through supporting policies PO-06 Corporate Responsibility Policy; PO-14 Environmental Policy and PO-24 Emissions and Air Quality Policy.

These are aimed at reducing the negative impact that our business activity has on the environment through greenhouse gas emissions. To achieve this goal, we focus our efforts on the following:

- Acknowledgement of the risks that carbon emissions present and as a company work to mitigate and manage any physical impacts that we can affect.
- We ensure compliance with applicable regulatory requirements related to carbon management.
- We measure where practicable and provide reporting on carbon related issues and remain committed to broadening the scope of measurement through continuous improvement.
- We make concerted efforts to reduce our carbon emissions and to improve energy efficiency of our operations, by applying wherever possible the most modern technology, equipment and work practices.
- We aim to improve awareness regarding carbon management issues in our regions of operation through communication of our carbon management approach and performance to employees, and suppliers, and encouraging them to engage in activities focused on the reduction of carbon footprint.
- We seek to influence our partners, contractors and suppliers to apply the same rigorous energy efficiency standards

This policy is made available to all the company employees; the policy will be review annually by the compliance manager to ensure that it remains appropriate for the needs of the Company and subject to changes to company procedure and legislation.
